## Hello, I'm Vipin

I am a multidisciplinary professional with hands-on experience and a strong foundation in Animation, Graphic Designing, Web Development, Software Design, Digital Marketing, and Video Editing. My passion lies in creating visually compelling and userfocused digital solutions while driving growth through innovative business development strategies.

## EXPERIENCE

### JU. ANIMATOR

Digitoonz | Delhi

FEB 2016 - Nov 2018

Junior Animator with hands-on experience at Digitoonz, specializing in 2D animation for digital content. Skilled in creating smooth character animations, clean motion sequences, and expressive poses aligned with project requirements. Experienced in working with senior animators, following storyboards, and meeting production deadlines while maintaining quality and consistency. Passionate about animation principles, visual storytelling, and continuous skill development.

#### Reasons

Left the company opportunities to expand creative skills and take on more challenging 2D animation projects and Teach Students

### SR. TRAINER IN INSTITUTE

DMTE PVT LTD. (Delhi)

Nov 2028 - March 2021

Experienced IT Instructor with 4 years of teaching experience at DMTE Institute, having trained approximately 3,000 students in various IT and digital skills. Specialized in teaching Graphic Designing, Video Editing, Web Development, and other computer-related programs. Skilled in delivering practical, hands-on training, simplifying technical concepts for beginners, and guiding students toward industry-ready skills. Proven ability to manage large groups of students, design effective learning modules, and support student growth and career development.

#### Reasons

I relocated to Meerut due to marriage and therefore had to leave the company.

### MULTIMEDIA MANAGER

GISCO | Meerut

April 2021 - Feb 2025

Experienced Manager at Gisco Company with hands-on responsibility for multimedia production, web development, and printing-related operations. Managed end-to-end projects including graphic design, video content, website development, and print materials. Coordinated with teams, handled client requirements, ensured quality standards, and met project deadlines. Demonstrated ability to manage multiple domains, oversee production workflows, and deliver creative and technical solutions efficiently.

#### Reasons

Left the company to start my own business and pursue entrepreneurial opportunities.
